Beau Sejour Swim School Guidance for Parents of Children attending Swim School lessons

Please ensure that your child:

- Is supervised in the changing room before and after the lesson. If pupils are under the age of eight a parent/carer **must** remain in the **café or on the viewing gallery during their child's lesson** and be available if required.
- Attends sessions regularly to ensure that the full benefit of the tuition is received.
- Visits the toilet prior to the lesson.

Please note below the change of policy regarding the use of the toilet during lessons

PRESCHOOL CHILDREN

Should your preschool child need to go to the toilet during their lesson, the supervising teacher will make every effort to alert a parent or carer, assuming that they are watching the lesson from either the cafe or the viewing gallery, and will wait with the child at the shower entrance. If the parent cannot be located quickly, the teacher will take the child to the toilet (with access for those with disabilities) in the village change area and wait for the parent there.

AFTERSCHOOL LESSONS

Should a child attending afterschool lessons require the toilet; they must use the poolside toilet. In the event that a child needs additional assistance, a tannoy announcement will call a parent to poolside.

- Uses the changing room appropriately, ensuring that lockers are used and clothing removed from cubicles immediately.
- Wears a one-piece bathing suit as opposed to bikinis and surf shorts as these hamper movement in the water. **(Swim School kit is available and we would like all members to be proud to wear it)**
- Wears a Swim School swimming cap for hygiene purposes and to avoid excessive head movements caused by hair over the face.
- Arrives on the poolside no more than 5 minutes prior to the start of their lesson where they must sit at their allocated area until the teacher takes the register for that class. (Pre-school children to wait as advised at the pool entrance to be collected by their teacher) **Swim School teachers are responsible for children of school age on the poolside only 5 minutes prior to the start of the lesson, for the duration of that lesson and until they leave the poolside. If the pool or fire alarms are activated, the instructor will continue to supervise the children throughout any evacuation to the assembly point where the parent/carer will be reunited with the child (The assembly point is the pitch adjacent to the far side of the pool).**
