APPLICATION FOR SWIMMING CLASSES – BEAU SEJOUR SWIM SCHOOL

Thank you for your enquiry regarding children's swimming lessons. Please find enclosed an application form which should be completed and returned to the address above.

Adult and Child classes are designed to introduce very young children from 6 months to 3 years of age and their parents, to the pleasures of the water. The children are grouped according to age and classes are each weekday during school term time and during school hours.

Preschool classes provide a gentle introduction to swimming for children aged from 3 years to school age. With small classes of no more than 5 children, the aim is to develop water confidence and introduce basic water skills leading to swimming unaided. Classes are on weekdays during school term time and during school hours.

Afterschool classes are for all ages and abilities, for those children in full time education. The Swim School follows the Amateur Swimming Association's National Plan for the Teaching of Swimming with children grouped according to ability. Classes are held after school hours and on Saturdays. (Classes are also held at Forest school on Thursdays, but only children registered at Forest school may attend)

Beau Sejour Barracudas - the Barracudas are the competitive squads currently sponsored by Specsavers. Entry is by assessment only usually via the Swim School. The Barracudas follow a comprehensive training programme leading to success at Island, Channel Island, County, Regional and National level.

Swim 21 Accreditation - the Swim School has received Swim 21 Accreditation from the sport's governing body – The Amateur Swimming Association. This means that we are dedicated to creating the best possible swimming lesson experience. It is your guarantee of quality provision for your child. We are proud to be the only swimming lesson provider in the Island with this accolade. Our Swim School teachers are ASA qualified, in addition to holding the National Rescue Award for Swimming Teachers and Coaches.

If you are applying for lessons for very young members (Adult and Child and Preschool) we recommend that you also make an application for the Afterschool lessons at this stage, as this is our busiest section.

Due to the popularity of all our classes, we may not be in a position to offer you a place immediately. Your application will therefore be placed on our waiting lists and as soon as a vacancy occurs we will make contact with you.

We look forward to receiving your application form.
