Classes for children aged 8 and over Non-swimmer or early swimmer

If your child has missed out on learning to swim in their early years, Beau Sejour Swim School now offers progressive courses specifically tailored to older children who are non-swimmers or early swimmers aged 8 and over.

We understand the fear of water and appreciate that as children grow older this fear increases and can cause frustration and embarrassment. Our ASA trained teachers will gently encourage your child and guide them through the early stages of swimming, developing water confidence and skills and building self-esteem. Children will enjoy a sense of achievement as they progress and reach the milestones of swimming.

These courses aim to take your child from a non-swimmer to the early swimmer stage, at which point, they will be able to join a class with their peers within the main Swim School groups.

Swimming is a life skill which can open up a world of opportunity and we believe that everyone should have the opportunity to learn.

COURSES ARE HELD DURING TERM TIME AS FOLLOWS:
